In the Meantime, if the Mass Meeting Accepts the Recommendations of the Committees which Met Yesterday-A Joint Stock Company to Buy a Ferry Boat to be Formed. The Toll Question Not Decided.

Yesterday afternoon the several committees of Island citizens recently appointed to take measures to secure a reduction of bridge tolls, or devise means of transportation from and to the Island outside of the bridges, met at the law of-fice of Mr. William II. Hearne, and after a session lasting over two hours decided upon a report which will be presented at a mass meeting of Island citizens which will be held this evening at 7:30 o'clock in Myers' hall, over Burt's drug store, on the Island.

A number of propositions were received from people owning ferry boats, ceived from people owning ferry boats,
wissof I. Kelly, the manager of the
naphtha launch line, appeared, and as a
result of the conference the committees
greed to recommend at to-night's
meeting the proposition made by him,
which in effect was that he would navicate his two launches between which in effect was that he would navigate his two launches between the foot of Twelfth street and Ohio street on the Island. He proposes to carry all males above twelve years of age at the rate of one-half cent per trip. for a term of thirty days, provided the committees will guarantee his expenses, which are \$15 per day. He will run two boats until \$8 p. m. daily and one boat will continue until midnight. One boat will carry thirty people and the other about twenty, which it is thought will be ample accommodation. commodation.

The other proposition was that a The other proposition was that a joint stock company be formed at once, and be recommended to the consideration of the meeting this evening. The plan contemplates shares at \$5 each, and the company would buy or build and operate a steam ferry line. The probable action at the meeting this evening will be the acceptance of the naphtha launch proposition for thirty days, and in that time the joint stock company will be formed and the boats put in operation. The question of the rate of tolls has not yet been decided, rate of tolls has not yet been decided, but it is supposed the old rates will the the standard adopted. The purpose of the company is not to make money, simply to give the Islanders a reasona-ble rate of tell.

ble rate of tell.

The arrangements to be entered into with the naphtha launch people by which they will stop running at midnight does not satisfy a number of people who would be patrons of the ferry. These include printers, who quit work about 4 a.m., and mill men who go to their daily toil about that hour. They think there should be an arrangement by which they will be accommodated.

A Popular Wheeling Drammer Meets With a Bad Mishap.

The following from the Washington, Pa., Reporter, of yesterday, will be read with genuine serrow by Mr. Ashbaugh's many Wheeling friends:

Many waccing friends:

Washington merchants all know and like H. E. Ashbaugh, the portly drummer for Joseph Speidel & Co., Wheeling. He was in town Thursday morning and left on the H a. m. west bound Baltimore & Ohio train. He stopped at West Alexander, and being fond of gun and degs was out with them during the afternoon. About 4 p. m. his gun was accidentally discharged, the load taking effect in his right hand and wrist, shattering them terribly. Physicians were summoned immediately and a hasty examination revealed the necessity of amputation. Drs. Wood and McDonald performed the operation, severing the arm between the wrist and elbow.

The operation was endured very well by Mr. Ashbaugh. Washington merchants all know and

Bonjamin Earashaw is the owner of 348 acres of land valued at \$2,784. We will say the 'land is actually worth \$6,900, being \$20 per acre. We find from the commissioners' report in the chancery cause of Jacob L. Murray against Benjamin Earashaw is indebted to various persons, accreating \$9,975, to various persons, argregating \$9,975, to say nothing of the costs of the chancery say nothing of the costs of the chancery cause, which shows that Benjamin Earnshaw is \$2,715 80 worse off than nothing. We find that John F. Earnshaw is owner of 121 acres of land valued at \$005. We will say this land is worth three times that amount, making a total of \$1,815. We find leins recorded against his land amounting to a total sum of \$2,918 38, which shows that John F. Earnshaw is \$1,108 38, at least, worse off than nothing.

As soon as County Clerk H. R. Thompson learned who the bondsmen were he communicated to Presecuting Attorney Howard, of Ohio county, the financial standing of these men according to the records in his office, and also asked a few questions that were not pertinent to which Mr. Howard replied in substance as follows: "John Earnshaw made oath that he was worth, above his liabilities, \$1,500. Dr. G. K. Franks made oath that he was worth, over and above his liabilities, \$3,000. The bond is not worth a last year's bird's neet, and the good citizens of Wetzel, regardless of politics demand that the presecuting attorney of Ohio county do what is necessary to protect the people's interests; demand that Ben Earnshaw be recommitted to jail, and that John Earnshaw and Dr. Franks be required to give bond for their appearance at the next term of court, or be sent to jail.
